

# Figured & QuickBooks® Online

Enabling agri-accountants to deliver client advisory services from the cloud.

QuickBooks Online works with Figured to provide a full financial management solution for farming enterprises.

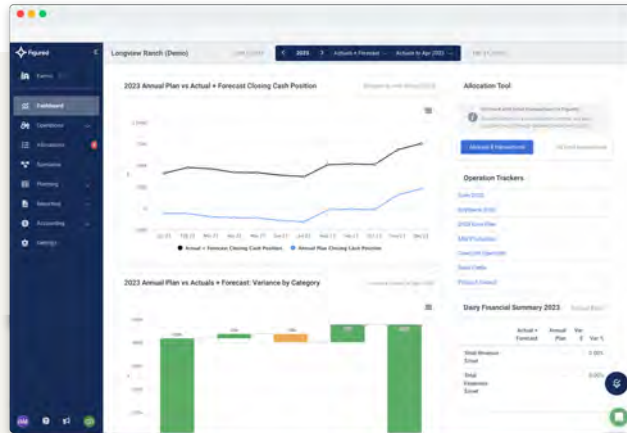

## Harness the power of cloud accounting

Now, more than ever, farmers and their accountant advisors need access to real-time data to bring more clarity and agility to their business. Figured and QuickBooks Online allows firms to migrate to the cloud with ease.

- Real-time collaboration: anytime, anywhere access from any device
- Get more done: time-saving automation
- Never miss a beat: bank and credit card transactions sync seamlessly
- Easy to manage: automatic backups and product updates

**Ninety seven (97)% of accountants surveyed say QuickBooks Online helps their firm run more efficiently than QuickBooks Desktop.<sup>1</sup>**
